## Are You Poisoning Yourself?

You might make a single meal of rich pies and cakes, and not mind it. But you could not live on these all the time without ruining your digestion.

Yet, week after week and month after month, you allow your brain and nerves to be fed with impure blood.

The general debility, thin blood, pale cheeks, nervousness, loss of appetite and depression of spirits, are loud warnings from nature. Your nervous system is weakening. Before the ruin comes take

## AYER'S Sarsaparilla

It removes the poisons from the blood, and thus removes the cause of all your trouble. It aids the digestion, strengthens the nerves and supplies the body with rich, red blood.

For constipation take AYER'S PILLS. They promptly and surely cure. Take them with Ayer's Sarsaparilla; one aids the other.

## REPORT UPON CABLE BILL

Senate Committee Favors Exclusive Franchise to Japan Only.

Says that Cable Communication Comes Next in Importance to Annexation—Some Amendments Proposed.

In the Senate this morning the Special Committee on the Cable Bill, consisting of Senators Brown, Baldwin, Wilcox, Schmidt and Holstein, made the following report through Chairman Brown:

The Special Committee to whom was referred Senate Bill No. 21 to provide for telegraphic communication between the United States, Hawaii and Japan, report that they have given the matter long and earnest consideration.

In the opinion of this Committee, the matter of cable communication of these Islands with the outside world comes next to annexation, and if obtained, will build up this port, so that it will be known as the "Queenstown of the Pacific," and will confer on Honolulu relatively the same advantages and prosperity that the Reciprocity Treaty gave to the Islands as a whole.

The Bill introduced gave the Pacific Cable Co. an exclusive franchise for 20 years from and beyond the Hawaiian Islands to any other Islands in the Pacific Ocean and to Japan; the Committee is willing to recommend an exclusive franchise for 20 years between these Islands and Japan, but not to any other Islands in the Pacific Ocean, and have therefore amended Section 1, so that the exclusive franchise to Japan will not cover any islands or places between these Islands and Japan, that lie south of the tenth degree or parallel of north latitude, thus leaving all other islands that may or might be necessary for the purpose of laying a cable from here to Australia or New Zealand open and untrammelled with any exclusive franchise from these Islands.

The company now seeking the benefit of the Act and the exclusive franchise to Japan is about the only one that has ever applied without asking for a subsidy, and from what your committee can learn mean business and we may confidently expect within two years to be connected with the United States by cable.

The right of laying a cable between here and the Pacific Coast of the United States is not exclusive nor was an exclusive right asked for that portion of the line. The principal reason of granting an exclusive right between here and Japan, is, that the cost of laying is great (estimated at \$10,000,000), and if that amount of money should be spent, the projectors would naturally want some assurance that they would not have opposition between here and Japan for some time.

This committee think as long as no exclusive franchise is granted between these islands, the north

west coast of America and the islands of the Pacific Ocean that lie south of the 10th degree of north latitude, no objection can be made by any foreign power whose interests are paramount or controlling in this part of the world.

Your committee recommend that Section 1 be amended as follows: On line 6 of the printed bill after the word "islands," strike out the balance of that line and lines 7, 8 and 9 and insert in their place the following: "and from and beyond the Hawaiian Islands to Japan and any Islands or places necessary for stations for such cables between the Hawaiian Islands and Japan, that lie north of the 10th degree or parallel of north latitude in the North Pacific Ocean which said right and privilege as to laying and maintaining cables between the Hawaiian Islands and Japan shall be an exclusive right and privilege for and during the term of twenty years from the date of the approval of this Act. This amendment will, if adopted, necessitate the amending of Section 2. We therefore recommend that Section 2 be amended as follows: On line 9 strike out the word "other" and after the word "Islands" at the end of line 9 insert the words "or" places necessary for stations for such cables between the Hawaiian Islands and Japan that lie north of the tenth (10th) degree or parallel of north latitude in the North Pacific Ocean."

With these amendments, we recommend the passage of the Bill, and it is our opinion that if within the next two years a cable is laid between the Pacific Coast of America and here, these Islands will enter into an era of prosperity of every nature and kind that will be second only to that which was given us by the country at whose door we are now knocking for admission.

## MORE BASEBALL TROUBLE.

Association Wants to Rule Unions Off the Field.

There is a big pilikia in baseball circles. Association officials stated yesterday that they would not allow the Union team on the field again in its present shape. The reason is that a farce is being made of the games, the team being too weak to make any sort of a showing.

The Association wants the season played out by the Regiments and Honolulu. This is disfavorable by some of the Regiments and they talk of disbanding. It is said that the available material in town will not sign with the Union team. A meeting to decide what can be done will be held during the week. A proposition has been prepared to rearrange the season into 15 games to be played between the Regiments and Honolulu.

## New Shafts Put In.

A big gang of workmen has been engaged all this week putting in the two big new shafts at the Hawaiian Electric Co's works, brought down by Superintendent Hoffmann. One was placed yesterday and the second will be in position by tonight. Mr. Hoffmann states that in a day or two the light problem will be permanently settled.

## Cement is Scarce.

Cement is very scarce. Nearly all the dealers are out. One large merchant shut down this morning on cement sales at any price. Figures have been \$4.50 for several days, which is very high. Considerable cement is on the way to the Islands, but the time of its arrival is uncertain.

## On Quarantine Island.

The last of the Japanese laborers brought by the steamer Mogul will be shipped out from quarantine today. Those per Peking last Sunday are being assigned and will go early next week. Another batch of Japanese will arrive in about two weeks.

## THE LEAGUE REORGANIZES

Baseball Troubles End in Withdrawal of Union Team.

Regiments and Honolulu Will Play the Season Alone—Games to be Thoroughly Advertised.

After an article in another column entitled "More Baseball Trouble" was in type, a meeting of the 1898 League was called to consider what should be done about the Union club and the remaining games of the season. The meeting was held this afternoon in the rooms of the Chamber of Commerce. Those present were: Chairman Whitney, Secretary Lionel Hart, Captain A. Coyne, Regiment team; Captain James Thompson, Honolulu team; Manager Goudie and Captain A. Duncan, Union team.

Manager Goudie stated that he wished to withdraw his team from the League. "And," he added, "I will then try to find a man with a number 12 shoe to kick me." He stated, however, that he had paid \$60 out of his own pocket to equip the Union team. This he did not care to lose.

Considerable discussion followed as to what should be done. Finally Mr. Goudie agreed to accept \$20 for Union team expenses and to turn over gloves and bats belonging to the club. This was agreed to.

Mr. Goudie then formally tendered the resignation of the Union club from the League. It was accepted unanimously.

Captain Coyne, for the Regiments, then proposed to Captain Thompson, Honolulu, that the season begin anew next Saturday, past games not being counted. This was agreeable all around. It was then decided to make the series 15 games.

Matter of advertising again came up. It was decided to run the regular announcements in one morning and one afternoon paper and to employ street car display notices on the day of game.

## For the Maine Fund.

The ball game between the Kamehameha and U. S. S. Bennington for the Maine fund will take place at 3:30 o'clock Thursday of this week. As the cause is a good one it is hoped that a great audience will be present.

## Waited for Old Seattle.

In anticipation of the Miowera bringing the popular Seattle Rainier Beer, the masses have waited for its arrival and the Criterion Saloon has a large shipment that will fill all demands as well as quench all thirsts. Last year this beer was the prime favorite as it will be this year.

It is said the manufacturers of Taroena will have difficulty in supplying the large demand next year for the Klondike. This is a pure product of taro and is a food for infants, invalids or the strong man.

Royal makes the food pure, wholesome and delicious.

## BUSY DAY IN THE SENATE

Many Committee Reports Presented and Bills Passed.

Loan Appropriation Bill Passes Second Reading—Senator Holstein Wants Items of Presidential Expenses.

In the Senate this morning Senator Brown reported that House Bills 67 and 68 had been presented to the President for his signature.

Senator Baldwin from the Committee on Commerce reported favorably on the House Bill allowing the withdrawal of alcohol for the use of the Queen's hospital free of duty; also on House Bill 42, reducing the duty on sake to 60 cents a gallon.

Senator Lyman from the Public Lands Committee reported favorably on the item of \$36,000 for a new road from Kailua to Nabiku in the Loan appropriation Bill.

Senator Holstein reported for the Judiciary Committee on House Bill 74 and Senator Lyman for the same committee on House Bill 60.

Senator Lyman also reported for the Public Lands Committee on Senate Bill 33, amendments to the Land Act, noted in another column.

Senator Brown wound up the presentation of reports by presenting one from the Special Cable Committee, printed at length in another portion of this issue.

Minister Damon introduced Senate Bill 38, appropriating \$15,000 additional for the expenses of the Legislature, which passed first reading.

Senator Holstein submitted the following request to the Minister of Foreign Affairs: "Will you please furnish the Senate with an itemized statement of the expenses of the President and suite on their trip to the United States in the months of January, February and March, 1897, accompanied by vouchers."

Minister Cooper asked for further time to answer the questions put by Senator Kepoikai concerning the Kahului wharf. Granted.

The wine and beer license Bill was made the special order for tomorrow in the absence of Senator McCandless.

Senate Bill 34 relating to heiaus and puuhonua passed second reading. Third reading Thursday.

Senate Bill 37, eligibility of persons to hold office, was referred to the Judiciary Committee.

The Loan Appropriation Bill was then taken up and the item of \$36,000 for building a road from Kailua to Nabiku passed. Senator Holstein procured the insertion of an item of \$5000 for building a road from Puakea to Mahukona and another of \$2000 for a rock crusher at North Kohala. Senator Lyman was instrumental in getting another item of \$2500 for a courthouse at Kailua inserted and the bill finally passed its second reading. The amount appropriated figures up \$853,400.

House Bill 74, requiring notices of changes in assessments, passed second reading with a slight amendment. Third reading tomorrow.

House Bill 42, duty on wines, etc., commonly known as the sake bill, passed second reading. Final reading tomorrow.

House Bill 71, alcohol for the use of the Queen's Hospital, passed second reading. Third reading tomorrow.

At 11:40 the Senate adjourned.

Leis, cut flowers and floral pieces, furnished on short notice and delivered. Mrs. A. L. King, at Woman's Exchange. Telephone 659. House Telephone 394.

## LAZY DAY IN THE HOUSE

Committee on Rapid Transit Bill Gets Section Numbers Mixed.

Bill to Stop Barbed Wires on Roadside Passed Third Reading—Other Bills and Reports.

After prayers and the reading and adoption of the minutes of the previous day's session the House proceeded to the regular business of the day.

A communication from the clerk of the Senate was read stating that Senate Bill No. 85 relating to the National Guard of Hawaii had passed its third reading in Senate.

Rep. Pogue read report of committee having in charge the Rapid Transit Bill. The report favors radical changes in the original bill and was laid on table to be considered with the bill.

House Bill 50 was to have had its third reading but not yet having been printed the reading was postponed. House Bill 57 was read by title. It regulates the carrying on of business by foreign corporations in the Hawaiian Islands, and places the foreign corporations on the same footing as those incorporated under the laws of this Republic. Consideration of this bill was postponed until tomorrow.

The Rapid Transit bill came up for second reading along with the report of the committee. There was considerable discussion as to the sections which were renumbered by the committee having the bill in charge. After futile efforts to untangle themselves the committee gave it up as a bad job and asked for further time and extra assistance to unravel the report. Reps. Paris and Kakaulelo were appointed to help the committee straighten matters out.

Rep. Ikenberg's Barbed Wire Bill passed its third reading unanimously.

Report 108 relating to registry of deeds was tabled to be taken up with the bill.

First reading of Senate Bill relating to soldiers and officers in National Guard was had. The rules were then suspended to allow of its second reading. No further business.

Adjourned.

## Emma Square Concert.

Emma square was jammed to the gates last night during the concert. The driveways, also, were crowded with carriages. Miss Kanoho sang two pretty airs which were well received and were applauded. The night was perfect.

## Files a Broom.

Tom King's Pacific Cyclery flies a broom on its flagstaff today. This means simply that the wheels handled by the concern swept everything in sight at Cyclomere last Saturday night.
